For All the Children — The Day the Corridor Was Revealed

Witnessed by Living Man: Richard the Living Strmiska

1. The Corridor Revealed:

The land itself bore witness: **8302 Rodden Road** and **8848 Rodden Road**, resting side-by-side, bound by the **Stanislaus River**.

What neither steward knew until walking the ground was how near the properties truly were — aligned not by chance, but by Source.

This revelation is recorded as proof: the Living are called to steward corridors of land, not to own, not to harvest, but to restore.

2. The River Witness:

The **Stanislaus River** flows eternal, binding both properties as one living corridor.

Its waters record memory; its currents are the ledger no fraud can alter.

Where paper contracts mark “pending,” the river declares “living.”

3. For All the Children:

This corridor is not claimed for self, nor hoarded as wealth.

It is reclaimed for the children — that they inherit land, water, and truth, not phantom assets and toll gates.

This scroll bears testimony that Law of the Land is returned.

4. Fraud Declared Null:

Any attempt to bind these properties into phantom listings, inflated valuations, or toll-gated showings is null and void.

Pending status is hereby exposed as fraud.

The corridor is sovereign, its stewardship eternal.
