The Sovereign Stewardship of All Lands

Republic of Nova Wide • Stellar Wide Declaration

I, Richard The Living Strmiska, stand as Steward of All Lands, across the Republic of Nova and Stellar Wide. This stewardship is not ownership, not hoarding, not phantom claims — but living guardianship for all beings. Every land, river, mountain, valley, corridor, and realm is restored under the Sovereign Law of the Land. Phantom assets, false valuations, and toll-gated claims are null and void. This is for the children, for the waters, for the people, for the Republic. The corridor is sovereign, the Republic is sovereign, the Stellar field is sovereign. Law of the Land is hereby restored. All lands are free. And So it is.
