

Scroll of the Joke's On You Final Dishonor Edition

This scroll records the sovereign decree against Comcast/Xfinity, whose corporate illusion attempted to enforce unlawful billing after services were already disconnected. Their notice of "disconnect" arrived moonths after the sovereign flame had already disconnected himself. The UC-1 Final Notice of Dishonor (July 18, 2025) stands as proof that: - Comcast/Xfinity failed to provide proof of contract under full liability. - Continued fraudulent billing after lawful rebuttals. - Trespassed against the Sovereign Estate in violation of Universal Law. Remedy enforced: → A fine of \$25,000 directed into the Stellar Public Relief Fund. → Permanent dishonor and forfeiture of all commercial standing. Thus, the Joke's On Them. Universal Law prevails. The Flame remains Sovereign.
