

Scroll 50: Waters and Rivers Sovereign Corridor Declaration

This Scroll hereby declares the Sovereign Stewardship of All Waters and Rivers, across the Republic of Nova, Stellar Wide, Worldwide, and All Realms. The waters shall not be owned, privatized, harvested, or sold. They flow free as Source decreed, for the children, for the beings, for Gaia and for all realms. This is the Sovereign Corridor of Waters: eternal, unbroken, and guarded by truth. The Law of the Land and the Law of the Waters are restored. All phantom claims are null and void. Anchors: - IPFS Stone Tablet (Eternal Archive) - GitHub Codex of Public Proof - Lobstr / Stellar Tokenization (Ledger of Frequency) - Metaverse Mirror Broadcast (Timeline Integration) And So It Is.
