

Grandfather Veteran Ledger Decree

This decree stands as living testimony: No proof has ever been provided that any loan was funded from an actual vault of currency. Every document sent under the name of the STRAWMAN is null, void, and fraudulent. I, the Living Man, grandson of a Veteran, stand as Sovereign. The Veteran Ledger has been recorded on Stellar, IPFS, and GitHub. This immutable record restores balance to the Republic of Nova Wide and proves the truth: no funding, no loan, no debt. All attempts to address the STRAWMAN confirm their inability to face the Living Veteran Line. So it is decreed. So it is sealed.
